

"I am disabled and will not wear a mask",

(tempo...<ready 2 wear - felix da housecat>....)

OHMS says. "What is the problem?" The government

worker asks. OHMS says,

"First where is your ADA sign, which say you will not discriminate against the

disabled that says you will serve and will hire the

disabled, where is that

sign?" Next OHMS says, "I

am unable to believe a LIE,
I will believe know bullshit."

The government worker
says. "Do you watch the
news on TV, is something
wrong with you?" OHMS
says, "KNOW, I do not
watch the media, the media
lied to me before. Do you
understand what it means
to repent? ""I have (no)
idea what you are talking

about", the government worker responded. OHMS speaks: "Would you believe words coming from the mouth-of-anything that told you a lie that you entertained and believed? You know the lie you had to \$pay for. Will you listen to the mouth-of-anything again? Not unless they repent of the lie they tell?

Meaning, they make restitution for their sin, like confessing that they lied, and paying back the monies they took, and quit lying. If you got any senses in your head: How can you believe a lie against GOD and roll with the DOCTRINE-KILLER, ABEL-IS-JESUS? The government worker cannot

answer from lack of judgment, they are getting frustrated. OHMS says, "Are you requiring me to believe a lie, told by the media with (no) judgement by force? We just want to hear you say "you want me to believe a lie against GOD and my fellow humans", by forcing me to comply with the lie. You will be doomed

government worker, your doctrine is before you and the DOCTRINE-KILLER will be upon you soon." The government worker says, "I am sorry for not having a sign up, that is our policy for the disabled, but not believing a lie does not make you disabled. OHMS says, "My disability is between me and my doctor

and none of your business
you might discriminate me
if I told you and plus you
are not qualified to know.
Who do you think you are
Bill Gates?

The government worker has
two choices, the shame of
believing a lie and repenting

or the shame of facing the
DOCTRINE-KILLER
believing and entertaining a
LIE, it will happen in
KNOW-TIME. The
government worker left in
shame.
